Directions

General

St. John Street is a very long street, you'll find us at the southern end between Smithfield Market and Clerkenwell Road. We're in a nice courtyard next to a restaurant called Tinsel Town.

By tube (5 minute walk)

The nearest underground station is Farringdon. Exit the station and head towards Smithfield Market. Walk along Cowcross Street. When you reach the end turn left into St. John Street. We are situated about 200m from the bottom of the street, in Smokehouse Yard.

By taxi

Ask the driver to go to the southern end of St. John Street between Smithfield Market and Clerkenwell Road.

By car

There's some metered parking along St. John Street and also a car park on the other side of the market. Please be aware we are situated in the Congestion Charge zone.

By bike

Follow the general directions and ride into the courtyard. On the steps towards the office, you will find a safe place to secure your bike.

By jet pack

You can land safely in the yard – but you'll have to let us all have a go once the meeting is finished.
